

# Waltz For Me

Jan-Christoph Mohr

## Verse 1

6/8 | A/C# D<sup>sus2</sup> | E<sup>sus4</sup> | A/C# D<sup>sus2</sup> A/C# | A<sup>sus2</sup>/B A E/G# |  
| A/C# D<sup>sus2</sup> | E<sup>sus4</sup> | Bm<sup>7</sup> | Bm<sup>7</sup> |

I wrote this song just for me:  
making me smile with this melody.  
Singing it in my room all alone  
so nobody can moan.

This little tune played by myself.  
This little bloom delighting itself.  
My little voice singing it soft  
that's all I got.

You might think I'm a maniac, somehow loony.  
I don't care, I love this song, love its beauty.  
People might say, whatever they want,  
I don't care 'bout all their taunt.

In your world, outside my room, I gotta give all I got.  
No chance to rest, always run, no breathing out.  
My mind is blown by emptiness.  
| Bm<sup>7</sup> | Bm<sup>7</sup> A E/G# |  
I guess, that's why I wrote

## Chorus 1

| F#m<sup>7</sup> | F#m<sup>7</sup> | E<sup>add4</sup> | E<sup>add4</sup> |

**this waltz for me.**  
**A waltz for me.**  
**Mmmmh....**

## Verse 2

Wanna dance, wanna laugh, want to feel the sun  
want a chance to break free, but I see there's none.  
So, at least, building castles in my dreams  
through the night they gleam.

Come with with me, come on, join my world  
step into my room, hear this song unheard.  
We'll get lost, never found, forget all what's around  
together we'll get drowned.

### **Bridge**

Flying on waves of sound  
a 100 miles over the ground  
whirling round and round

### **Verse 3**

I wrote this song just for you:  
making you smile with this little tune.  
Singing it loud with you all along  
come on, sing my song:

### **Chorus 2**

**this waltz is for you.**  
**My waltz is for two.**  
**A waltz for you.**  
**Uhhh...**

# Don't you fool me on my Flaws

I'm not Mrs. Perfect, no  
I don't wanna be  
Who you think you're looking at?  
I think that's not me  
Please take down your glasses, ah,  
Now, what can you see?  
Several mistakes?  
Think you gotta flee?

I will not change  
But you should do

When you do what you always do  
I really do not like it  
You should really stop doing so  
Leavin' now bothers me not a whit

**Don't you fool me on my flaws - Oh no**  
**Don't you fool me on my - Oh no no no**  
**I am asking you not to do it, please don't do it**  
**Never fool me on my flaws**

Oh look at you, now you start to cry  
Being sad, now I wave goodbye  
But I told you, it will happen, will be slappin' you right this time  
I waited way too long, can't stand it anymore, goin' free feels right

**Don't you fool me on my flaws - Oh no**  
**Don't you fool me on my - Oh no no no**  
**I am asking you not to do it, please don't do it**  
**Never fool me on my flaws**

Should I fool you?  
I could fool you  
Will I fool you? - *On this fault*  
But if I do what you always do I really would not like me, too

So when you meet me, if you ever meet me,  
Remember what I said and better be polite

**Don't you fool me on my flaws - Oh no**  
**Don't you fool me on my - Oh no no no**  
**I am asking you not to do it, please don't do it**  
**Never fool me on my flaws**

# Naturally torn

I love  
I hate  
I dont know, but  
Anticipate  
I am lost, I know  
I look left, but right I go

I come  
I leave  
I laugh, but  
Then I grieve  
I am lone, I know  
I look right, but left I go

I kiss  
I bite  
I love sunlight  
But at night  
I have left, but stay  
I took just the other way

I dance  
I stand  
I pull away  
Give you my hand  
I am done, but no  
I stay, but then I go

**I am black and white**  
**I am dark and light**  
**I am just not there yet**  
**As I don't know where yet**  
**I am in between**  
**I am lazy but keen**  
**I sing, I sleep**  
**I shout, I weep**  
**I want cold and warm**  
**I am naturally torn**

I feel  
I'm cold  
You should leave  
But hold  
I am fun, but so mad  
I am happy, I am sad

I am black and white  
I am dark and light  
I am just not there yet  
as I don't know where yet  
I am in between  
I am lazy but keen  
I sing, I sleep  
I shout, I weep  
I want cold and warm  
I am naturally torn

# No need to love - Imke & J

Music & Lyrics by Jan-Christoph Mohr

**A7 / A7 / C / D<sup>7sus4</sup>**

We got cars,  
we got streets,  
we got stores completely filled with tons of treats.

We got roofs  
to live beneath,  
we got pills for every small kind of disease.

We got walls  
to seal us off  
built by stone and in our in our minds to save our croft.

Don't know for sure  
if you could say  
but I think we live in peace in a way.

**E7 / E7 / G6 / A7<sup>sus4</sup>**

An empty fountain half an hour away from home.

**E7 / E7 / G6 / Bb7**

Some fire-spitting mountains right next to your door

**A7 Fmaj7 / D9**

**No need to love  
to live together - oh yeah  
No need to love  
to live together  
No need to love  
to live together - oh yeah  
No need to love, no need to love, no need to love**

**A7 / A7 / C / D<sup>7sus4</sup>**

We got plants  
to power on,  
columns of smoke illustrating our horizon.

We got pipes  
filled with water  
feeling littly dirty, oh come on, let's take a shower!

Do we stay?  
Or do we leave?  
Going on a cruise, havin' all we need at the sea.

Don't know for sure  
if you could say  
but I think we live in wealth in a way.

E7 / E7 / G6 / A7sus4

Bullets spraying all over the place, ruins all around you

**E7 / E7 / G6 / Bb7**

Bombs exploding, children crying, leavin' is the best to do.

A7 Fmaj7 / D9

**No need to love**

**to live together - oh yeah**

**No need to love**

**to live together**

**No need to love**

**to live together - oh yeah**

**No need to love, no need to love, no need to love**

*Small Solo...*

A7 Fmaj7 / D9
